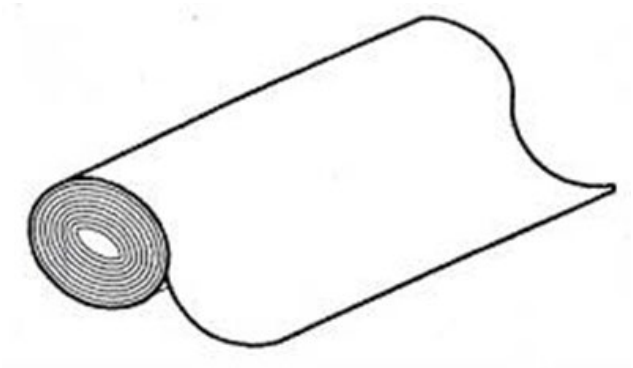
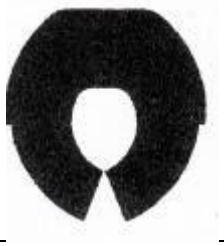
Technical Data Sheet

Dust sealing cloth



Description:	**Part No. MDCA0200AA** 1400 wide x 20M LG x 2mm thick Slitting to various widths also available
Material:	Black natural rubber Very flexible with a fabric pattern on surface. Has high tear strength and elasticity. Rubber is U.V. stabilised for external use
Application:	Flexible dust sealing barrier curtain

Grip Strip- Straight

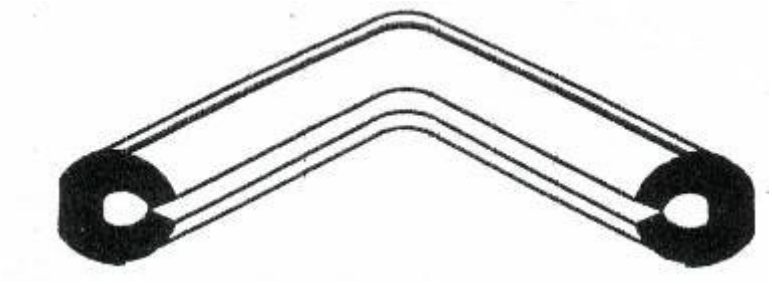


Description:	**Part No. DS147000** - 7 M long **Part No. DS141350** - 1350mm long *For corners refer to page 2*
Material:	EPDM 75 shore A Profiled rubber extrusion
Application:	Securing element for dust sealing cloth

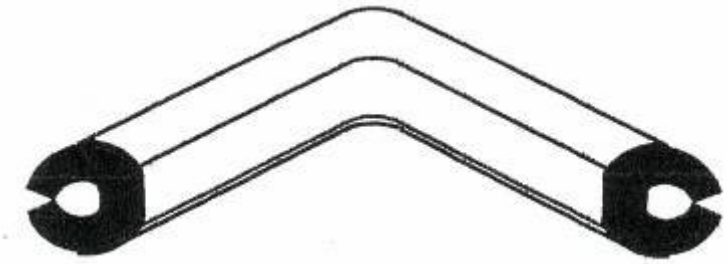
Dust Sealing Rubber Components

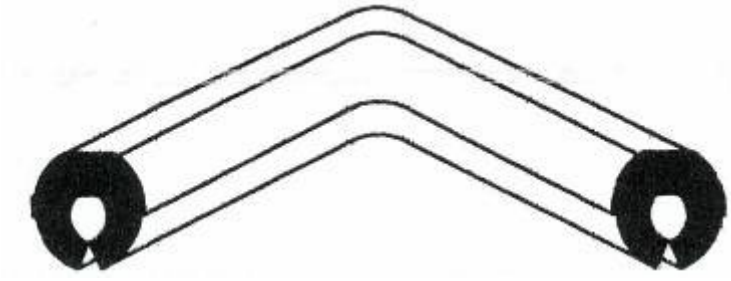
Grip Strip- Corners

Part No: **DS1455H** - Grip Corner Inside Groove (200 x 200mm)



Part No: **DS1455HI**- Grip Corner Outside Groove (200 x 200mm)





Part No: **DS1455V** - Grip Corner Underside Groove (200 x 200mm)
