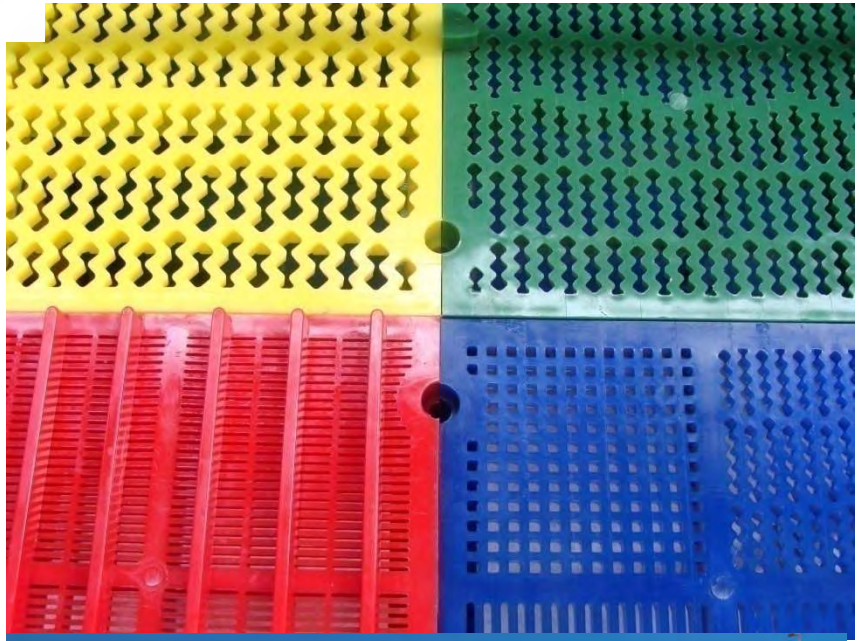
Sheet No: AGS-132.1



# Product Range

## Typical Fixing Systems

1. LMP Fixing (Standard Pin Fixing)
2. LMC Fixing (Clip in Fixing)
3. LMB Fixing (Bolted Fixing)
4. LME Fixing (Retrofit of Elock)
5. LMRP and LMPS Fixing (Actual and Retrofit of Psnap)
6. LMLP (retrofit of Pipo 2)

## Typical Material Types/Styles

1. Injection Moulded Poly (Soft, Medium and Standard)
2. Injection Moulded Rubber Hard Duro (Coarse Screening)
3. Injection Moulded Rubber Soft Duro (High Moisture Dry Screening)
4. Cast Poly (Side Bars, Sieve Bends, Panels etc)

Agile SCREENING

# Product Range (cont'd)

## Aperture Types

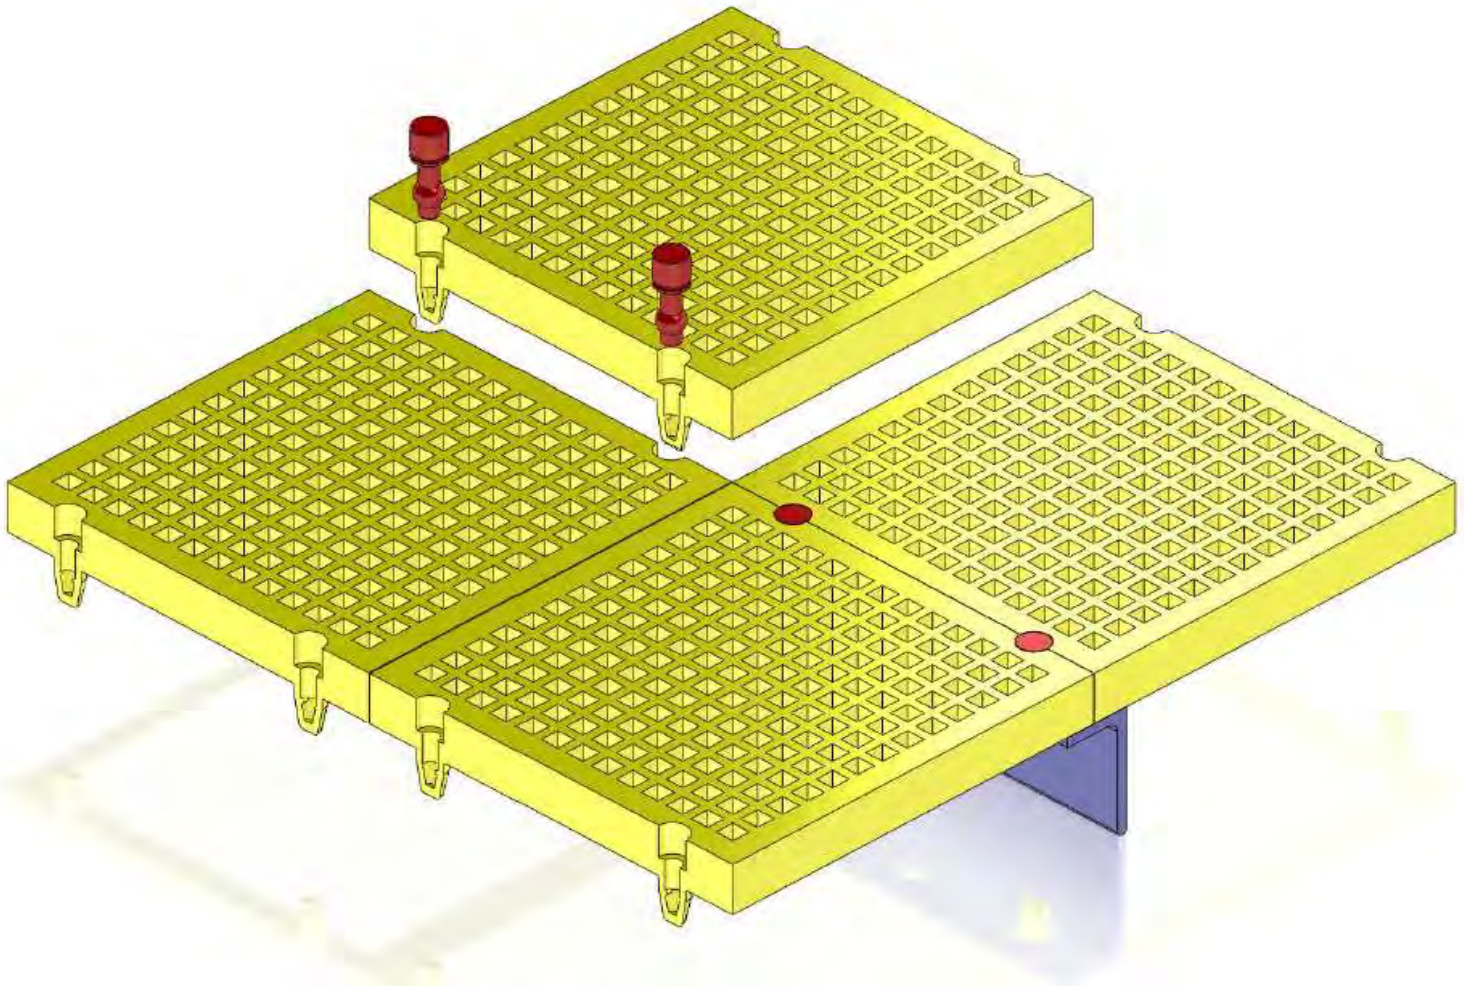
1. Slotted
2. Zig Zag
3. Others (Square, Round etc)
4. Additional Panel Features (e.g. Rider Bars, Weirs, Deflectors etc)
5. LM Ripple Bar

Agile SCREENING

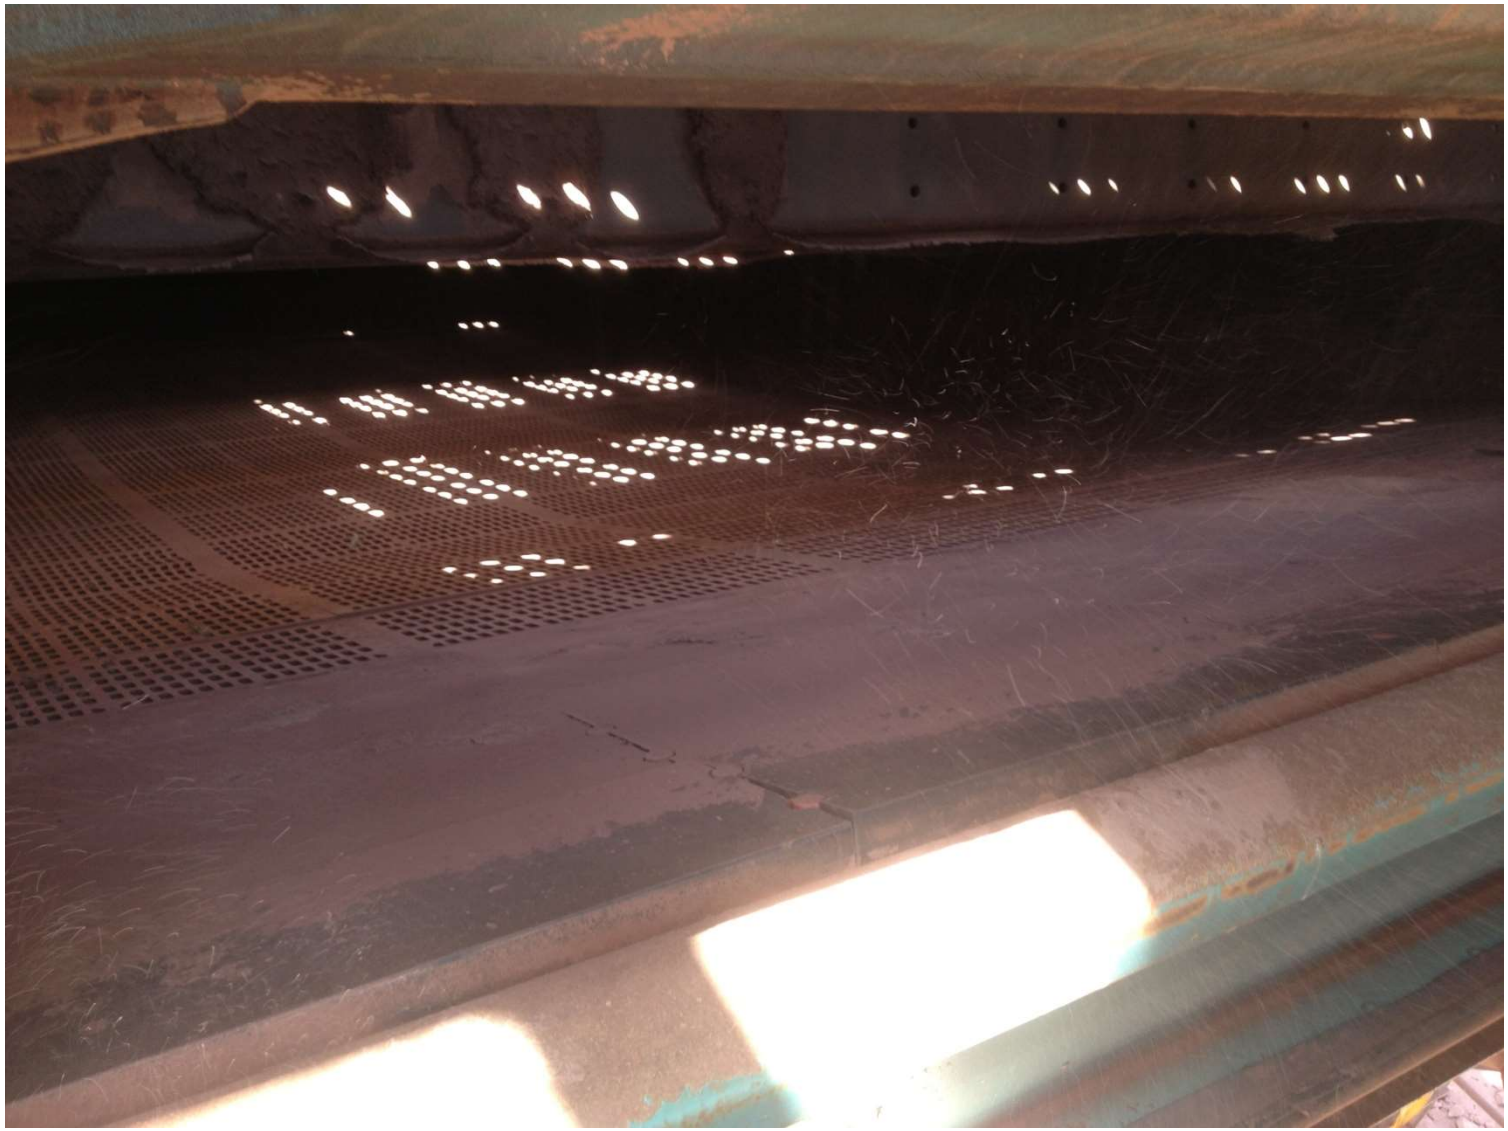
# LMP PIN FIXING

Agile SCREENING

LMP – Pin Fixing System (typically 1x1ft square, 300mm square of 2 x 1ft Size in thickness from 30mm to 110mm)



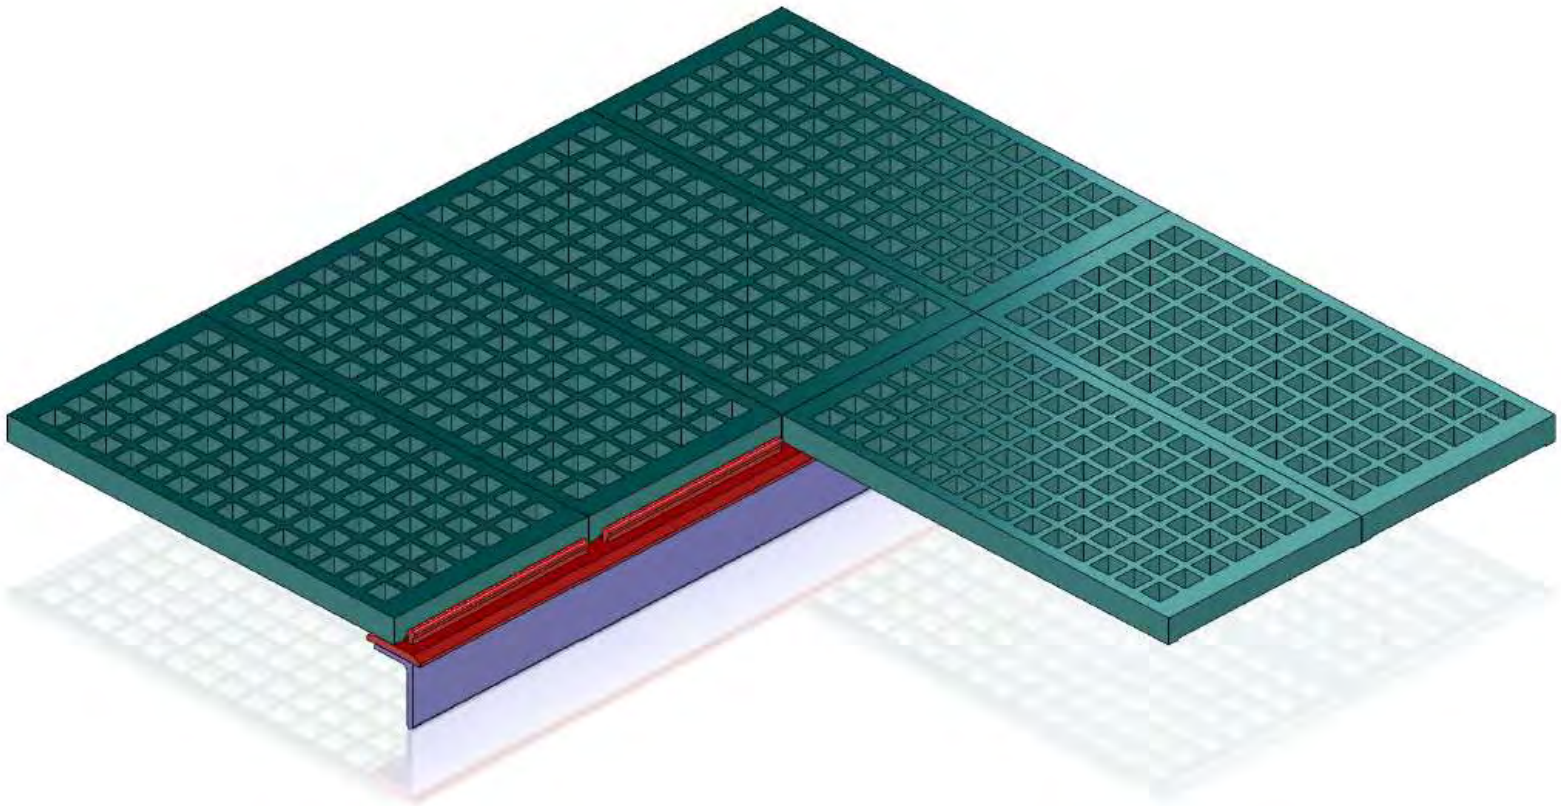
# LMP – Pin Fixing System



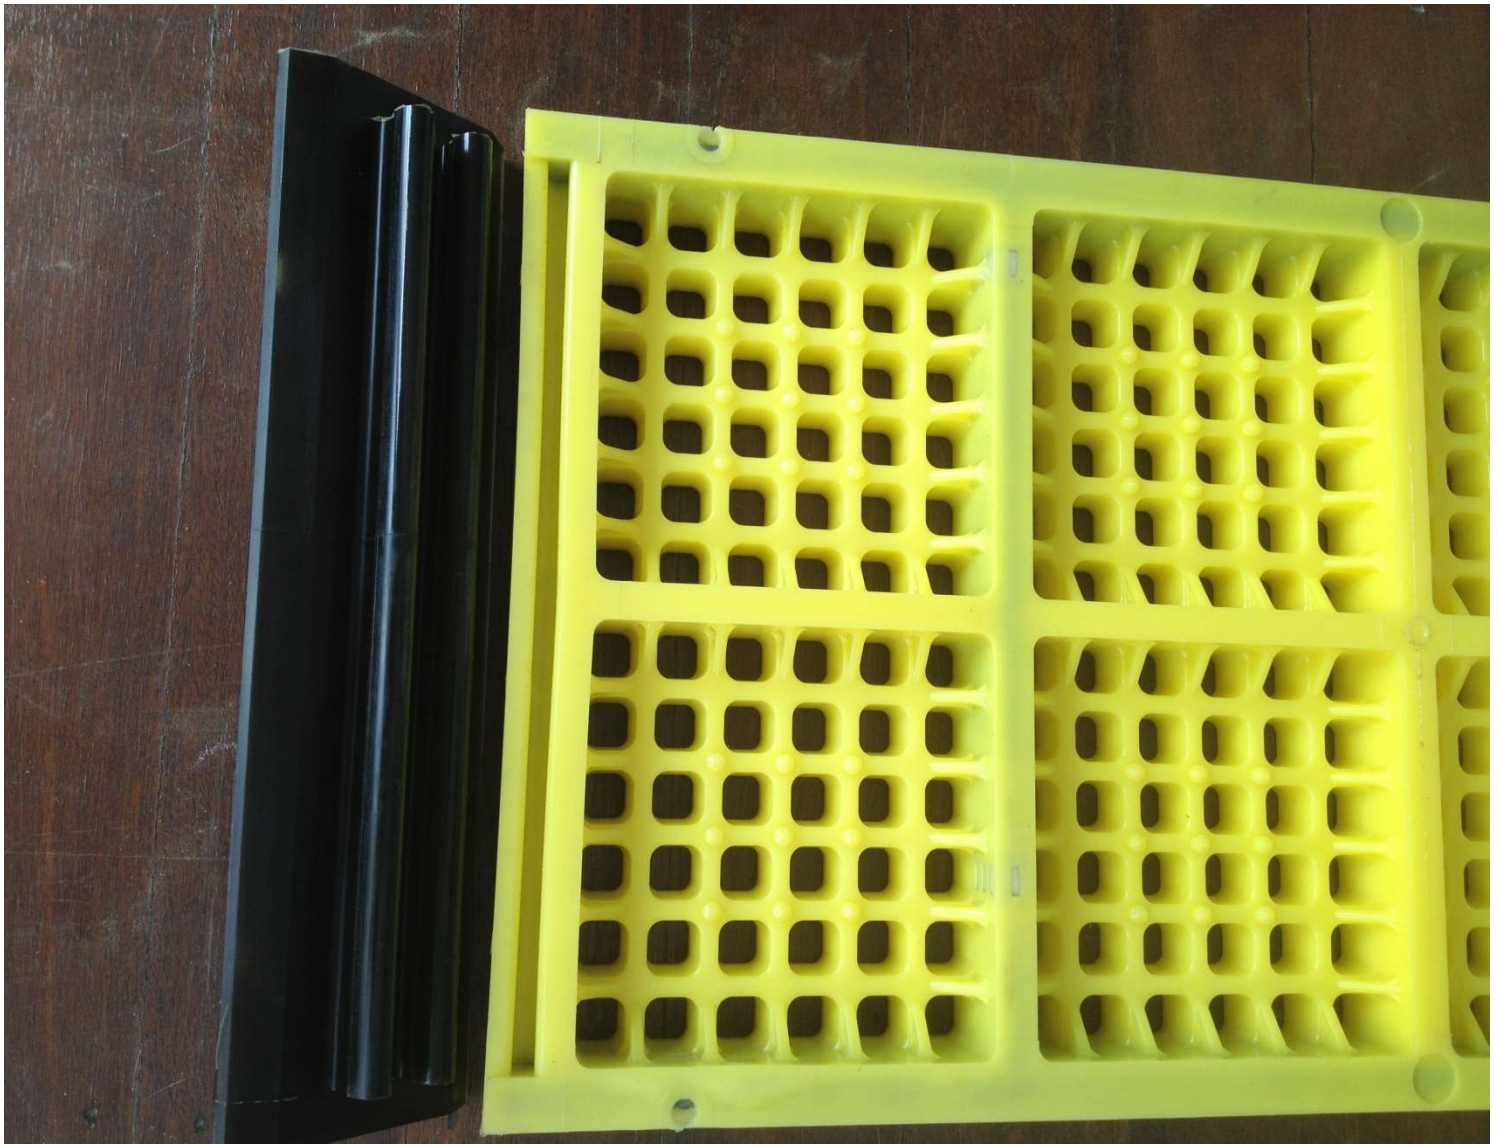
# LMC CLIP FIXING

Agile SCREENING

LMC – Clip Fixing System (typically 1x1ft or 2x1ft in thickness from 40mm to 60mm)



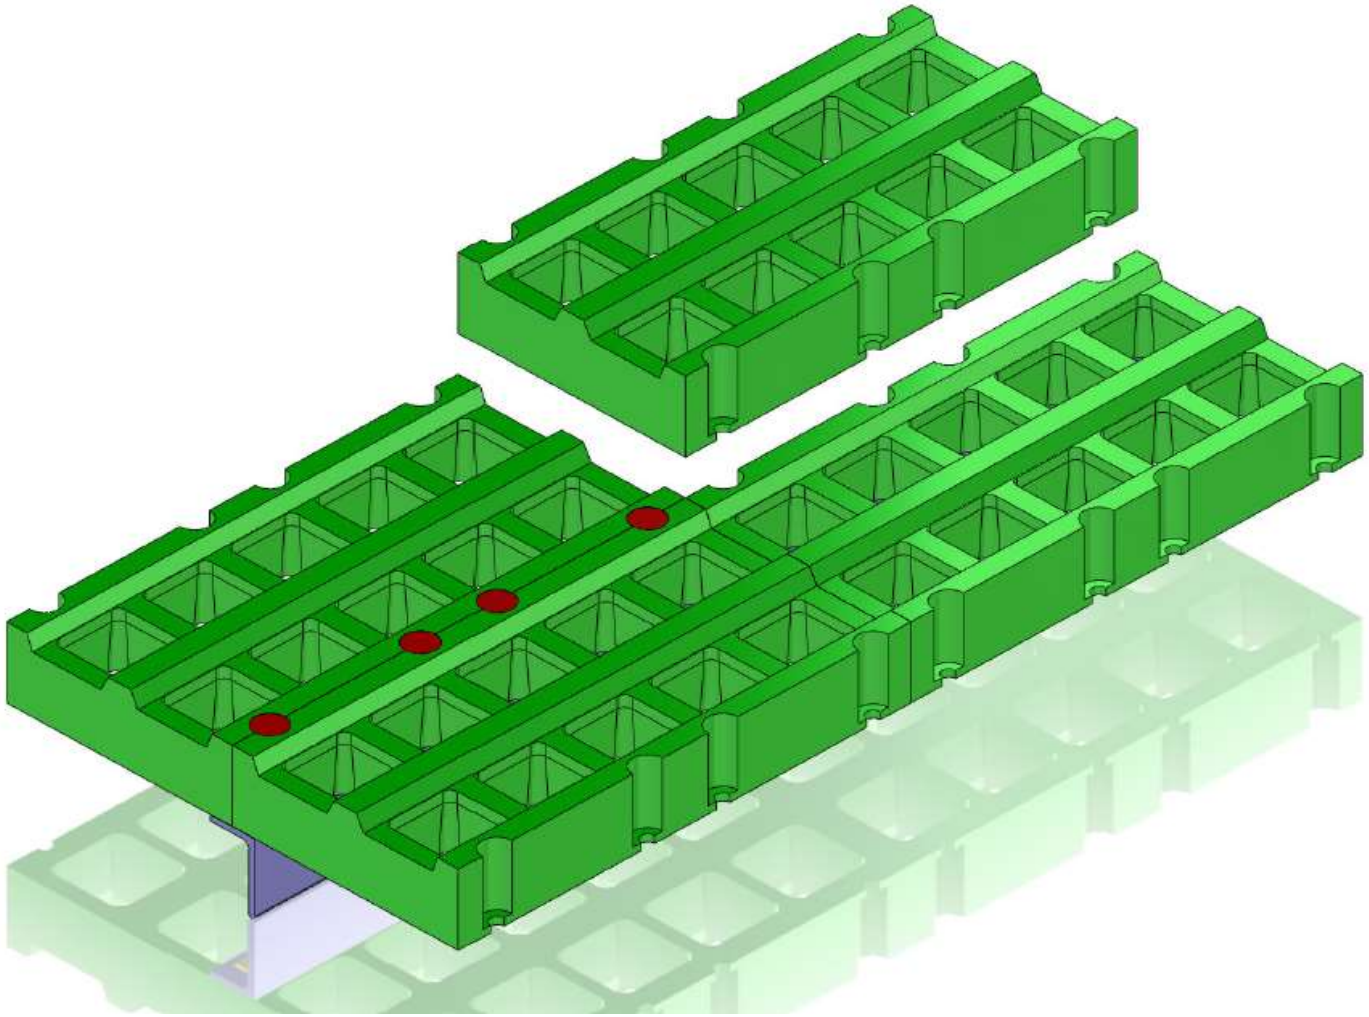
# LMC – Clip Fixing System



# LMB BOLTED FIXING

Agile SCREENING

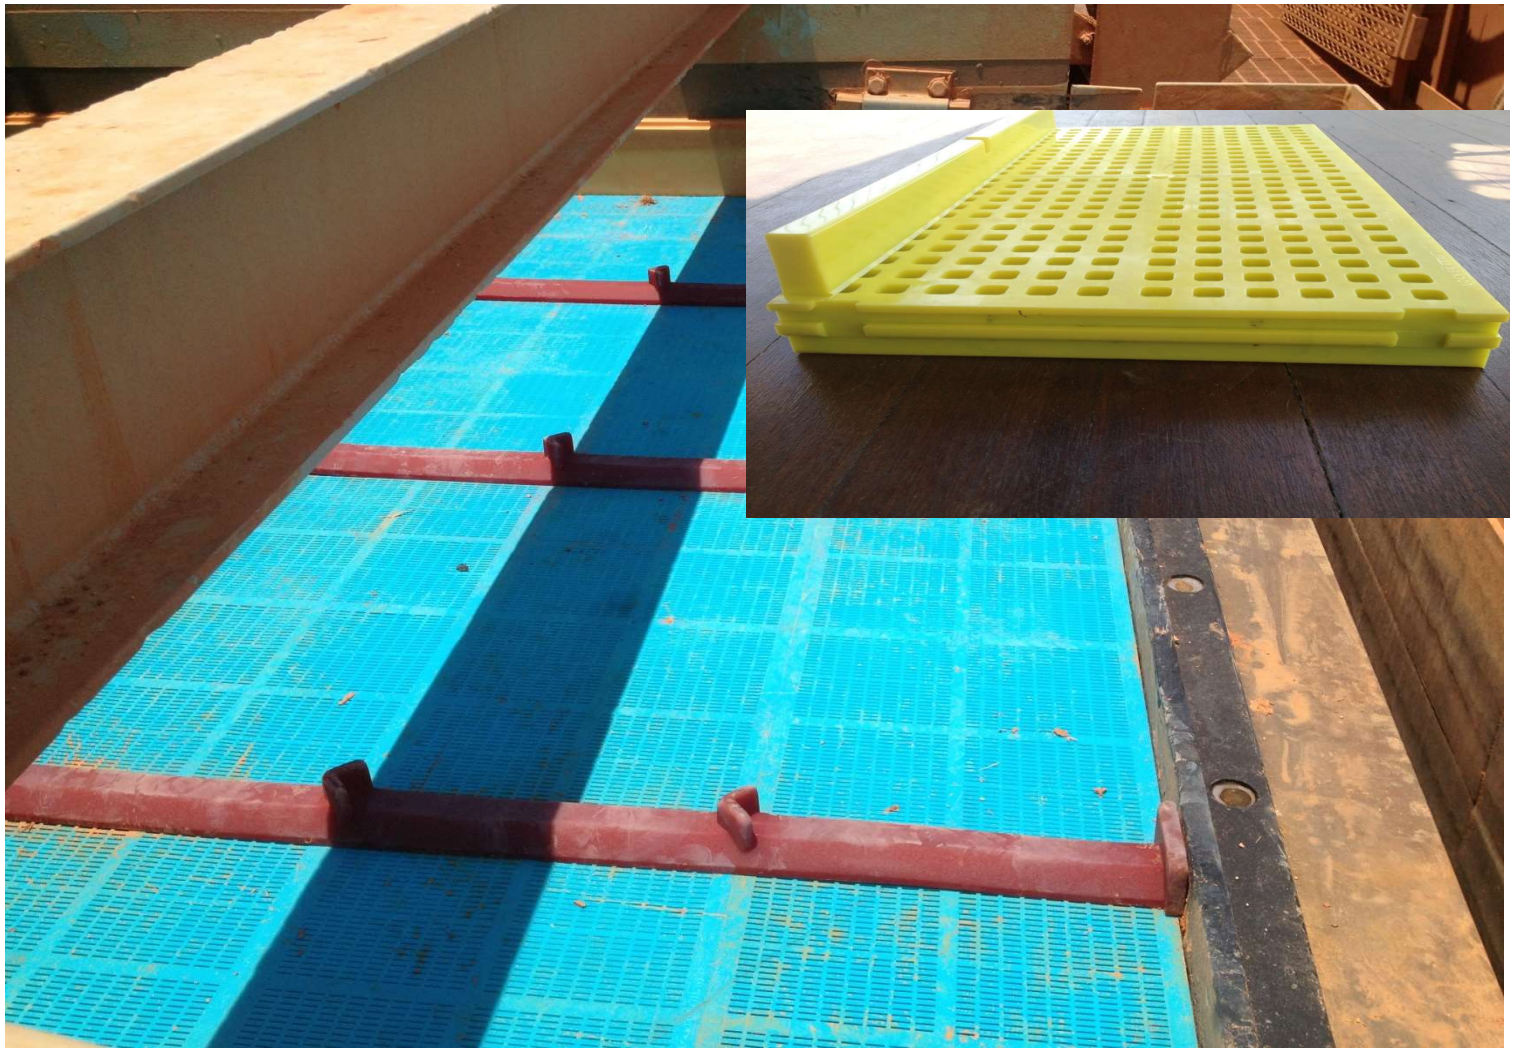
LMB – Bolted Fixing System (typically 1x1ft or 2x1ft, 60mm to 160mm thick)



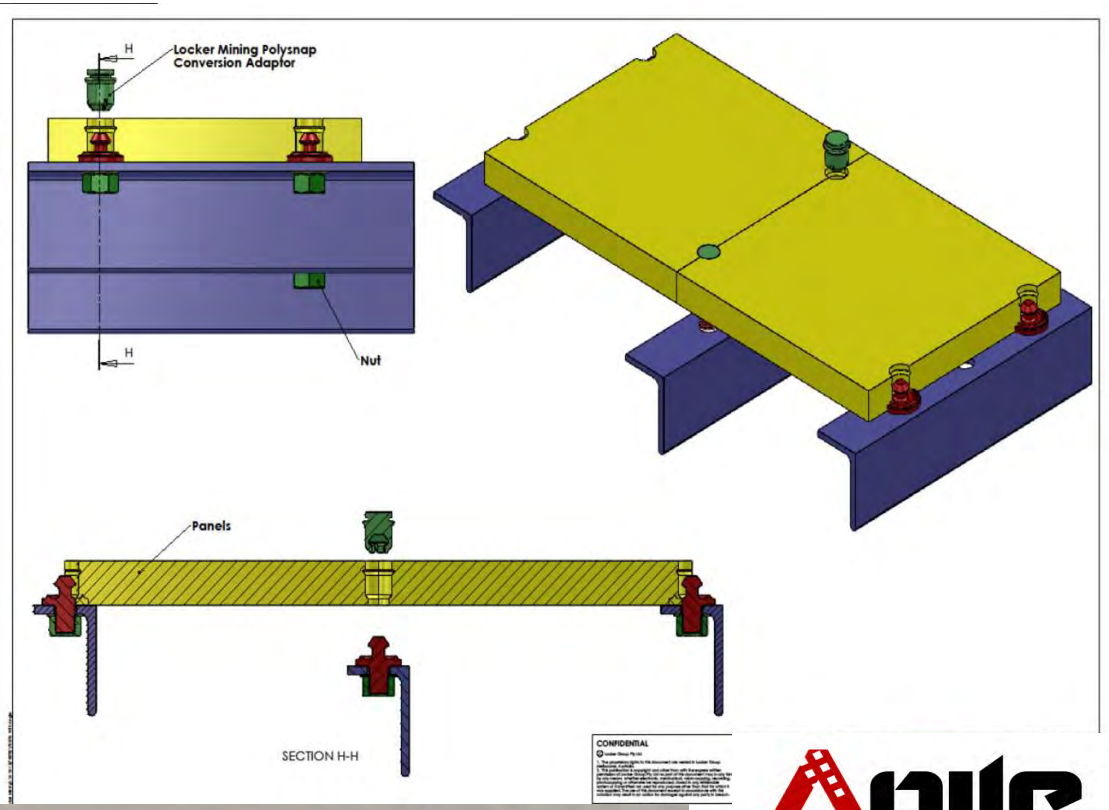
# LME FIXING – RETROFIT TO ELOCK

Agile SCREENING

LME – Retrofit to E-Lock (typically 585mm x 1ft in variety of thicknesses from 40mm to 70mm)



# LMRP FIXING – RETROFIT TO PSNAP LMPS - ACTUAL POLYSNAP (Bolt and Pipetop



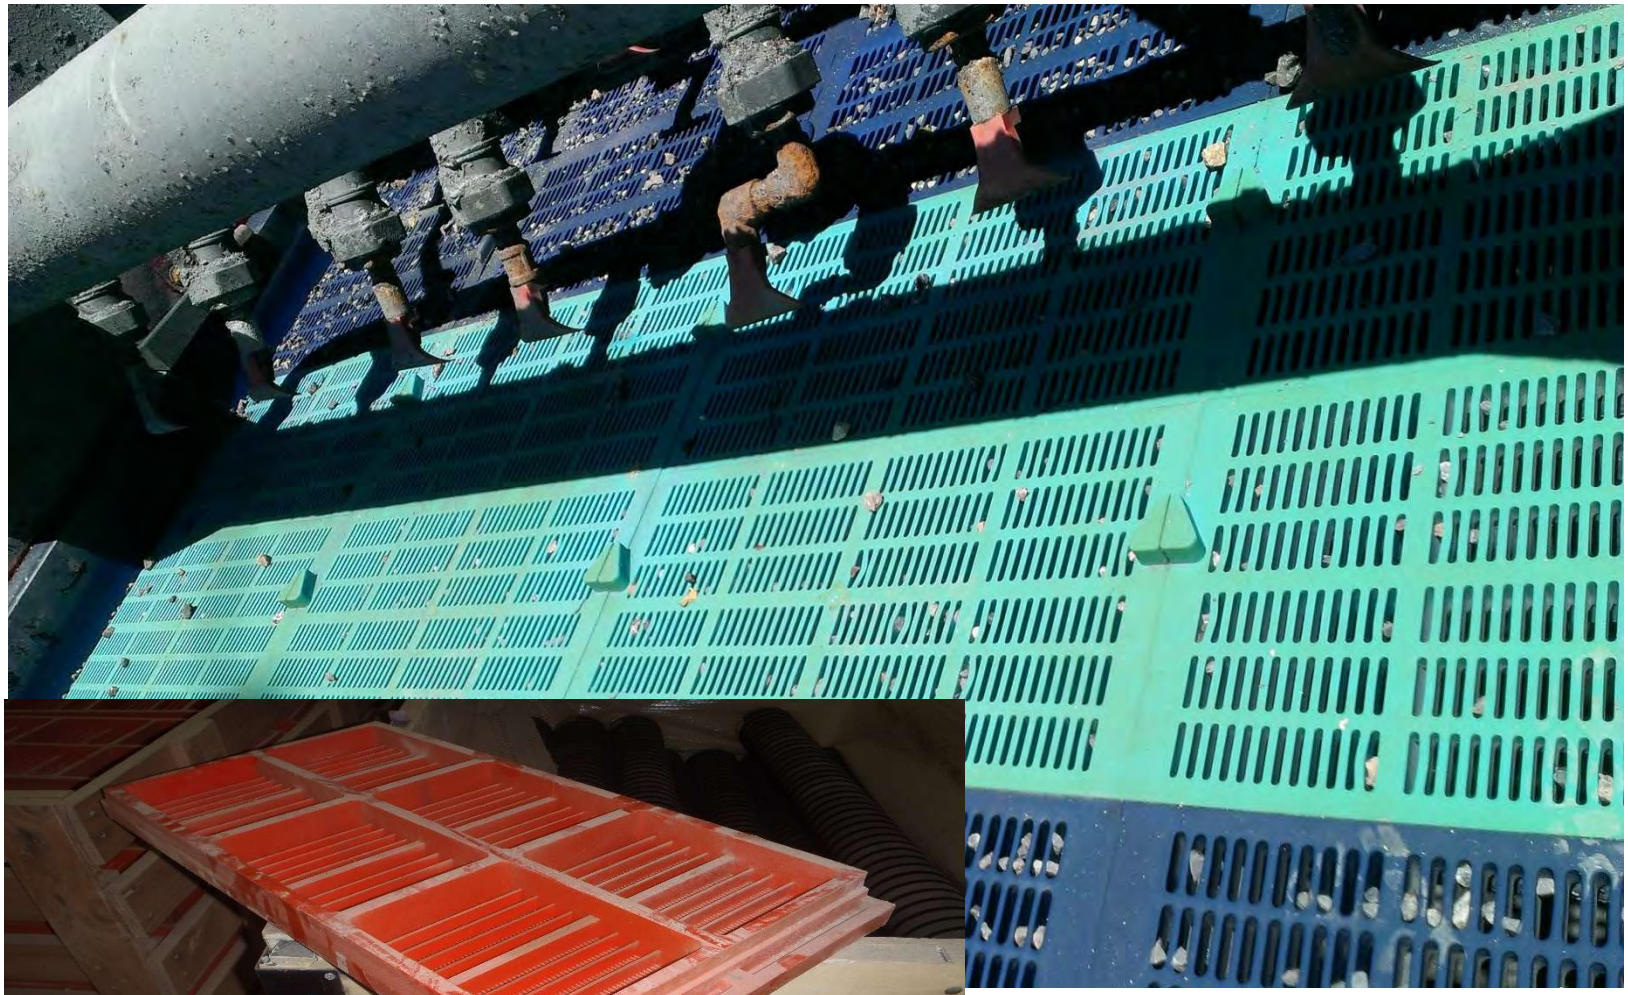
Agile SCREENING

# LMRP – Retrofit to Psnap

# LMLP FIXING – RETROFIT TO LUDO PIPO 2 SYSTEM

Agile SCREENING

# LMLP – Retrofit to Ludo Pipo 2 (typically 2x1ft and 45mm thick)

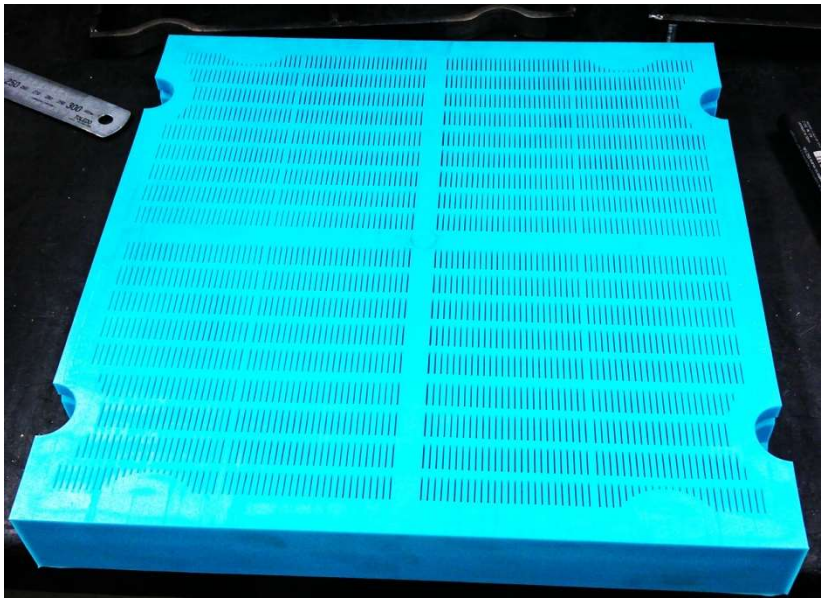


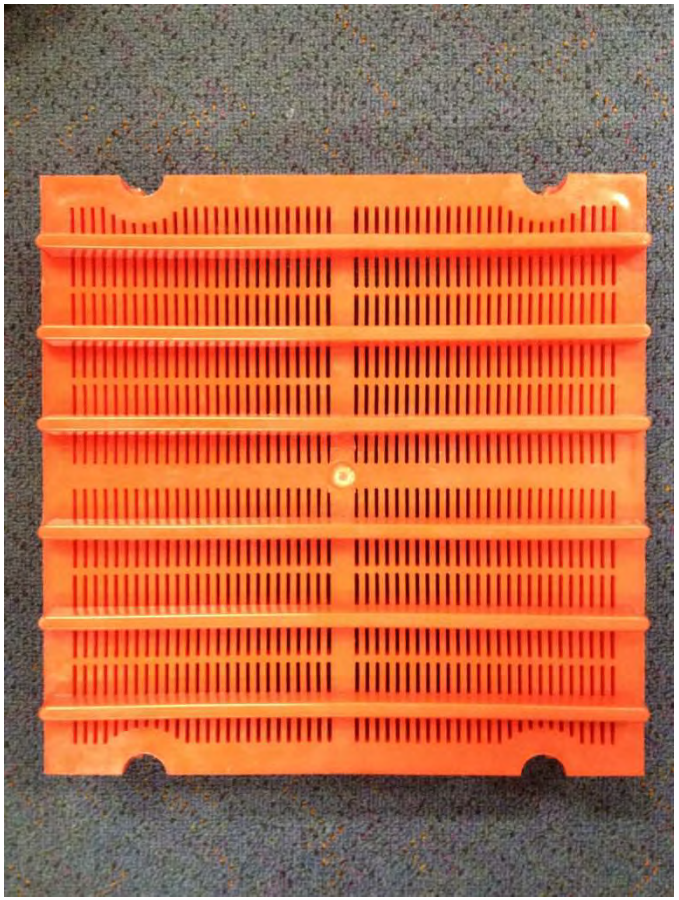
# MATERIAL TYPES & STYLES

Agile SCREENING

# Injection Moulded Poly

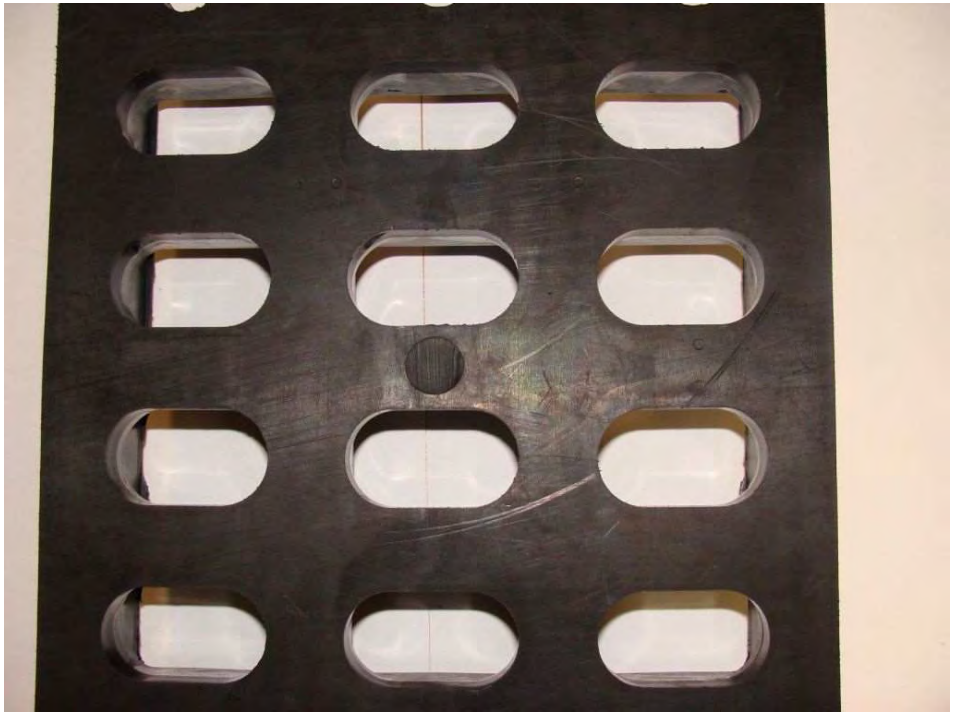
## Soft, Medium and Standard Duro



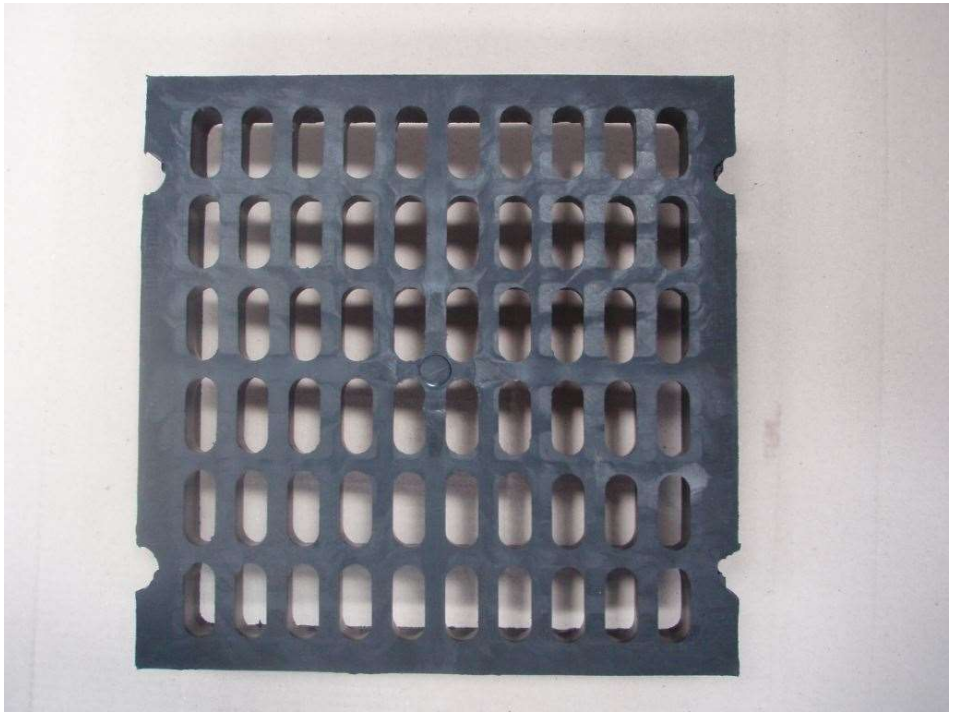


Agile SCREENING

# Injection moulded Hard Duro Rubber panels



# Injection Moulded Soft Duro Rubber panels



# Cast Poly Panels

Agile SCREENING

# Cast Poly panels

## Range

- Casting used for
  - Side Bars / Wedges
  - Sieve Bends
  - Cast Poly around Injection moulded inserts
  - Impact Panels (modular)

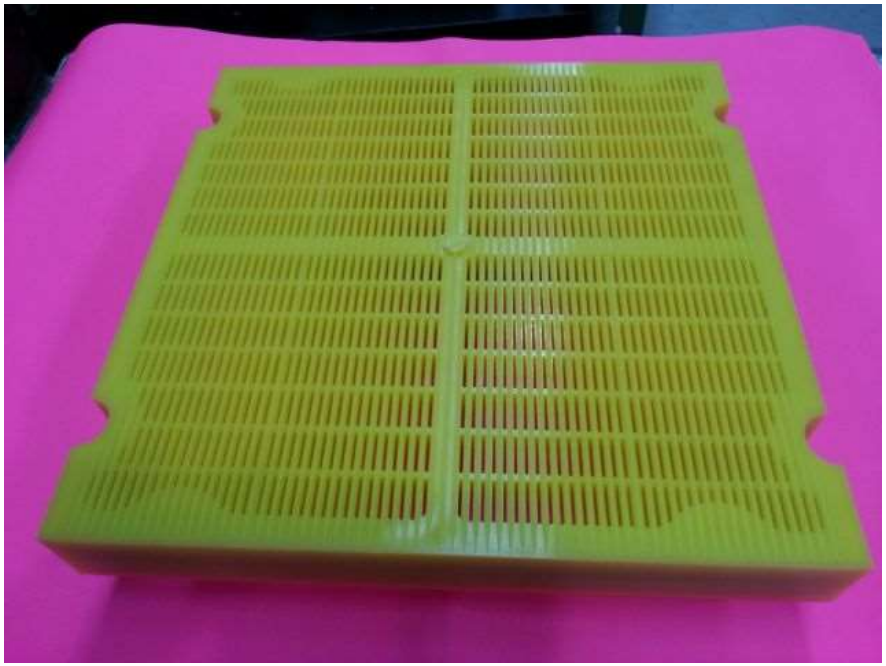
## Colours / Special Features

- Blue, Red & Black
- May be used for special features unavailable in injection

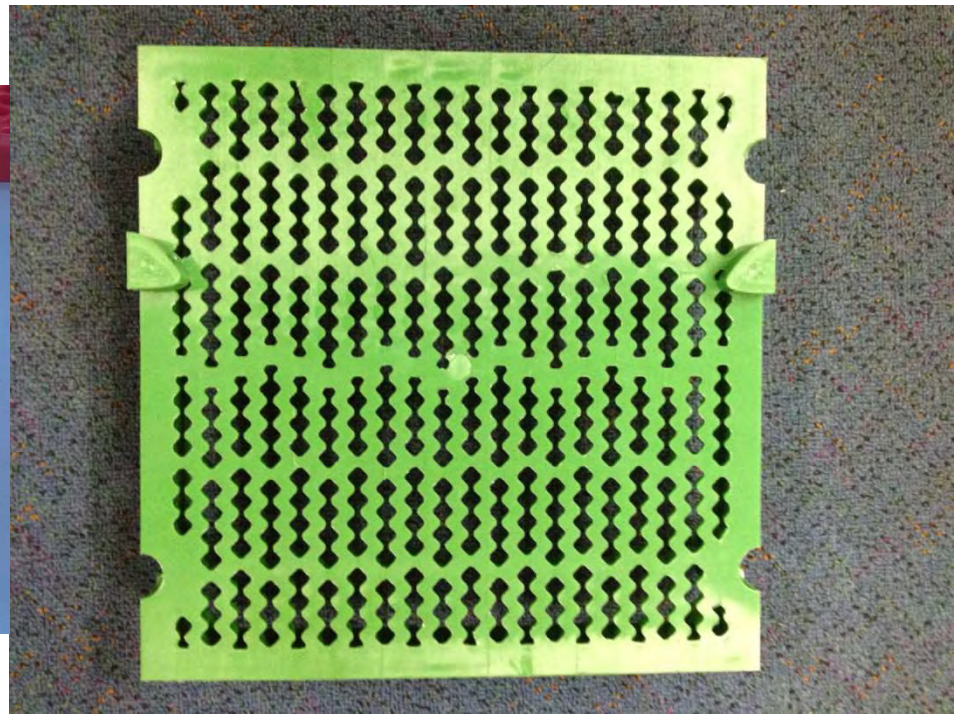
# APERTURE TYPES

Agile SCREENING

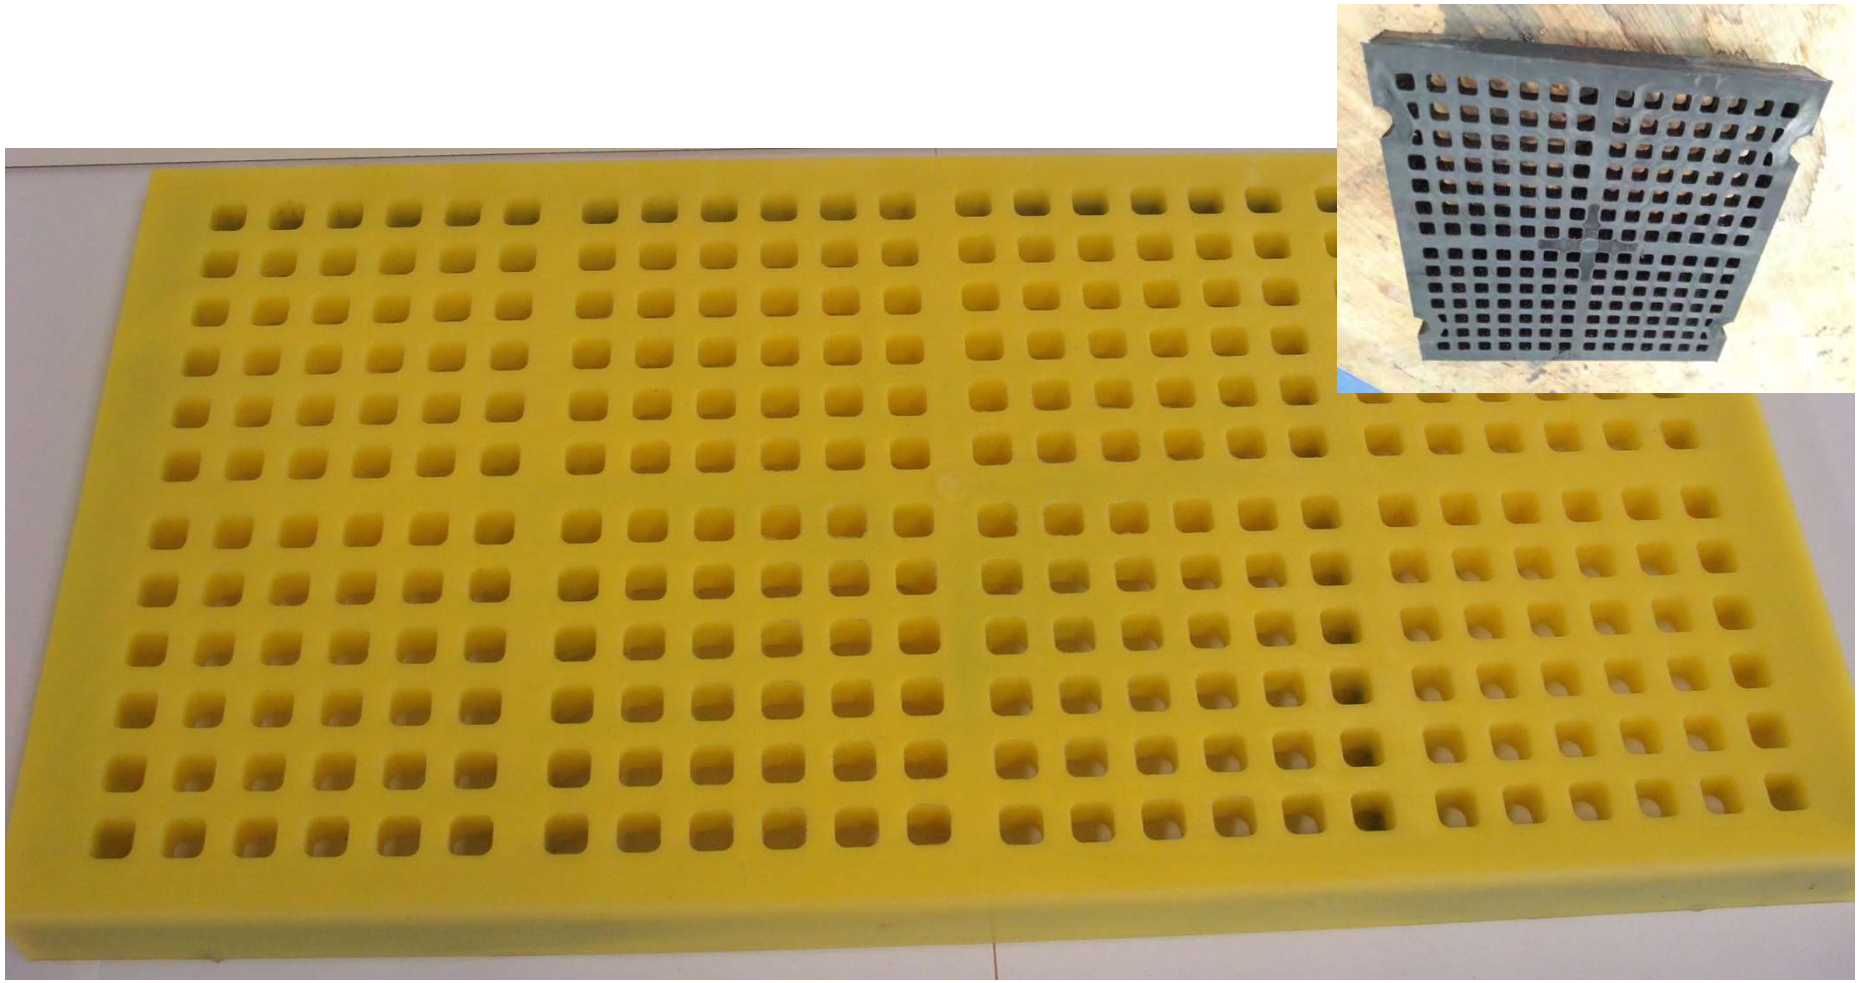
# Slot Panels



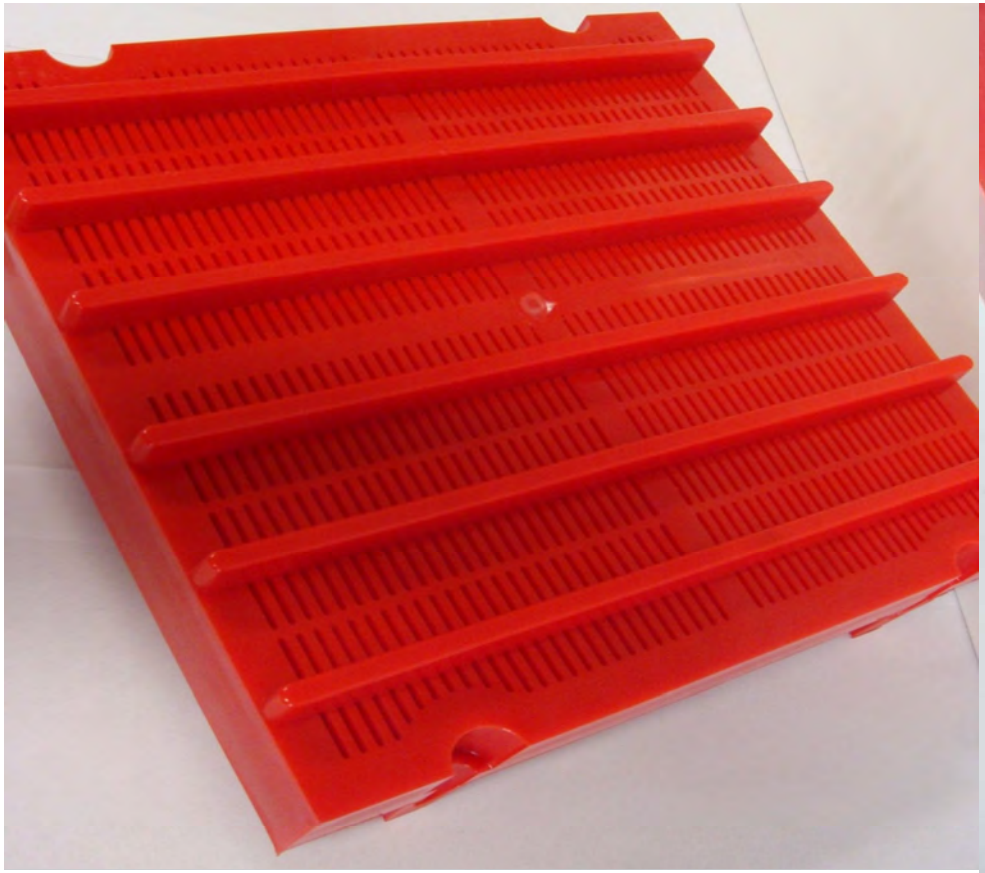
# Zig Zag Panels



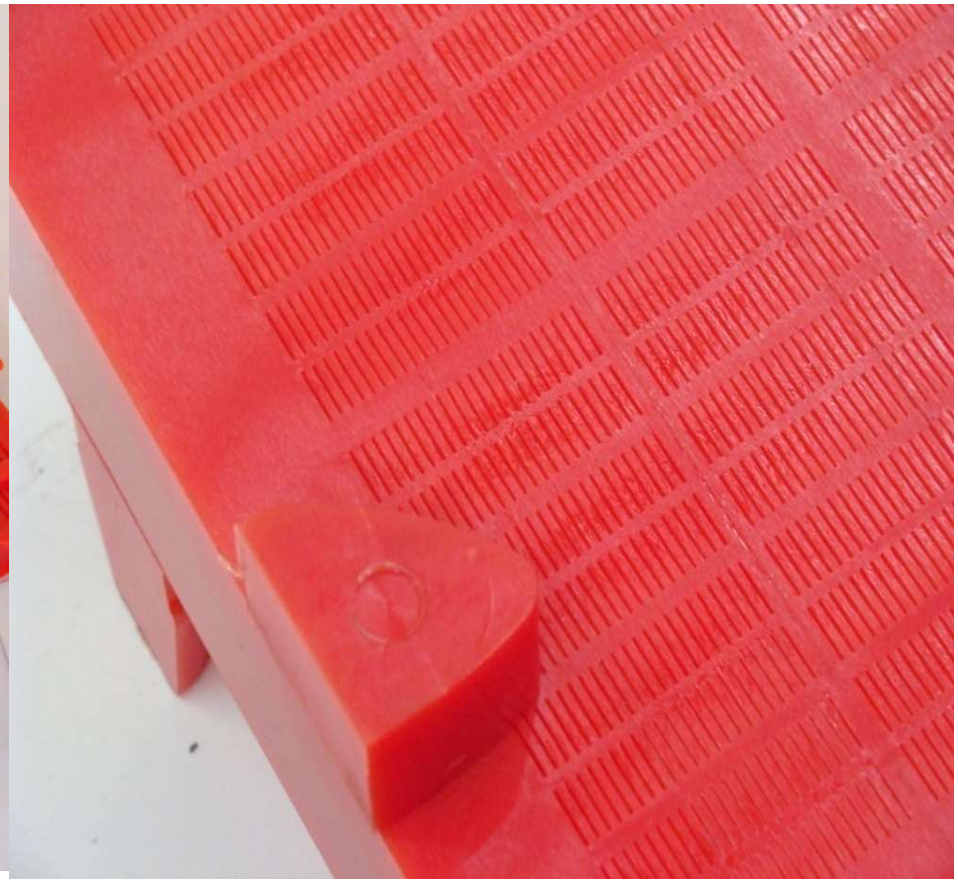
# Square Aperture Panels



# Panel Features

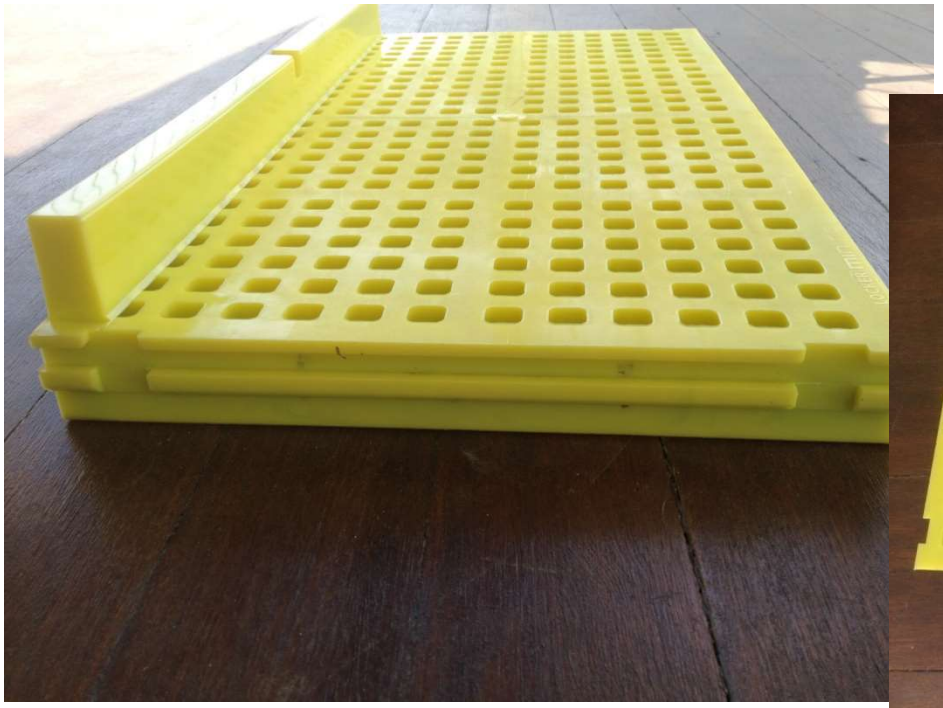


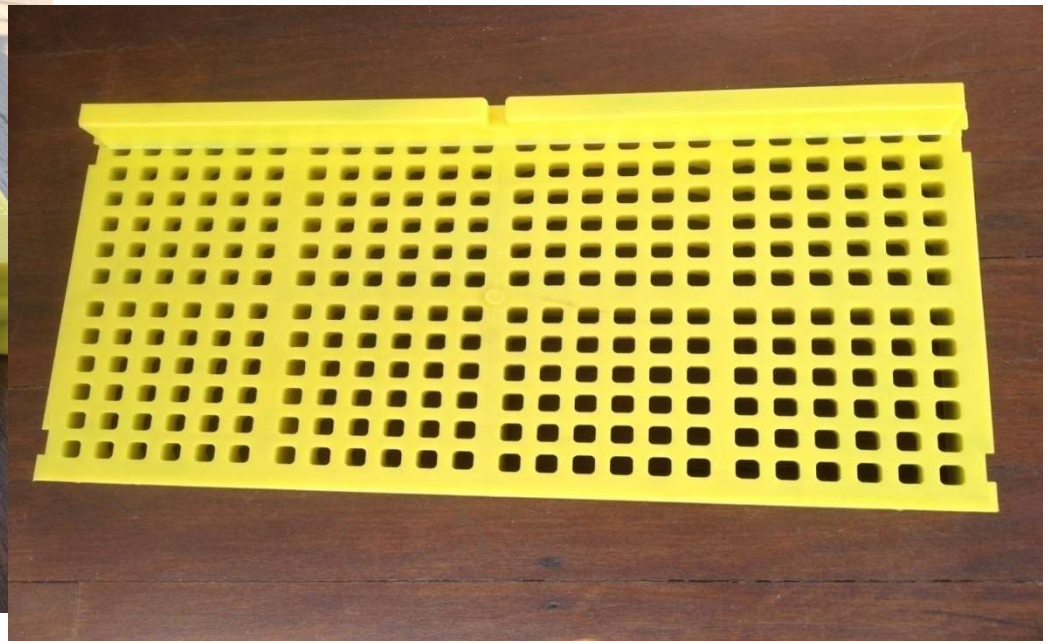
Rider Bars



Deflectors

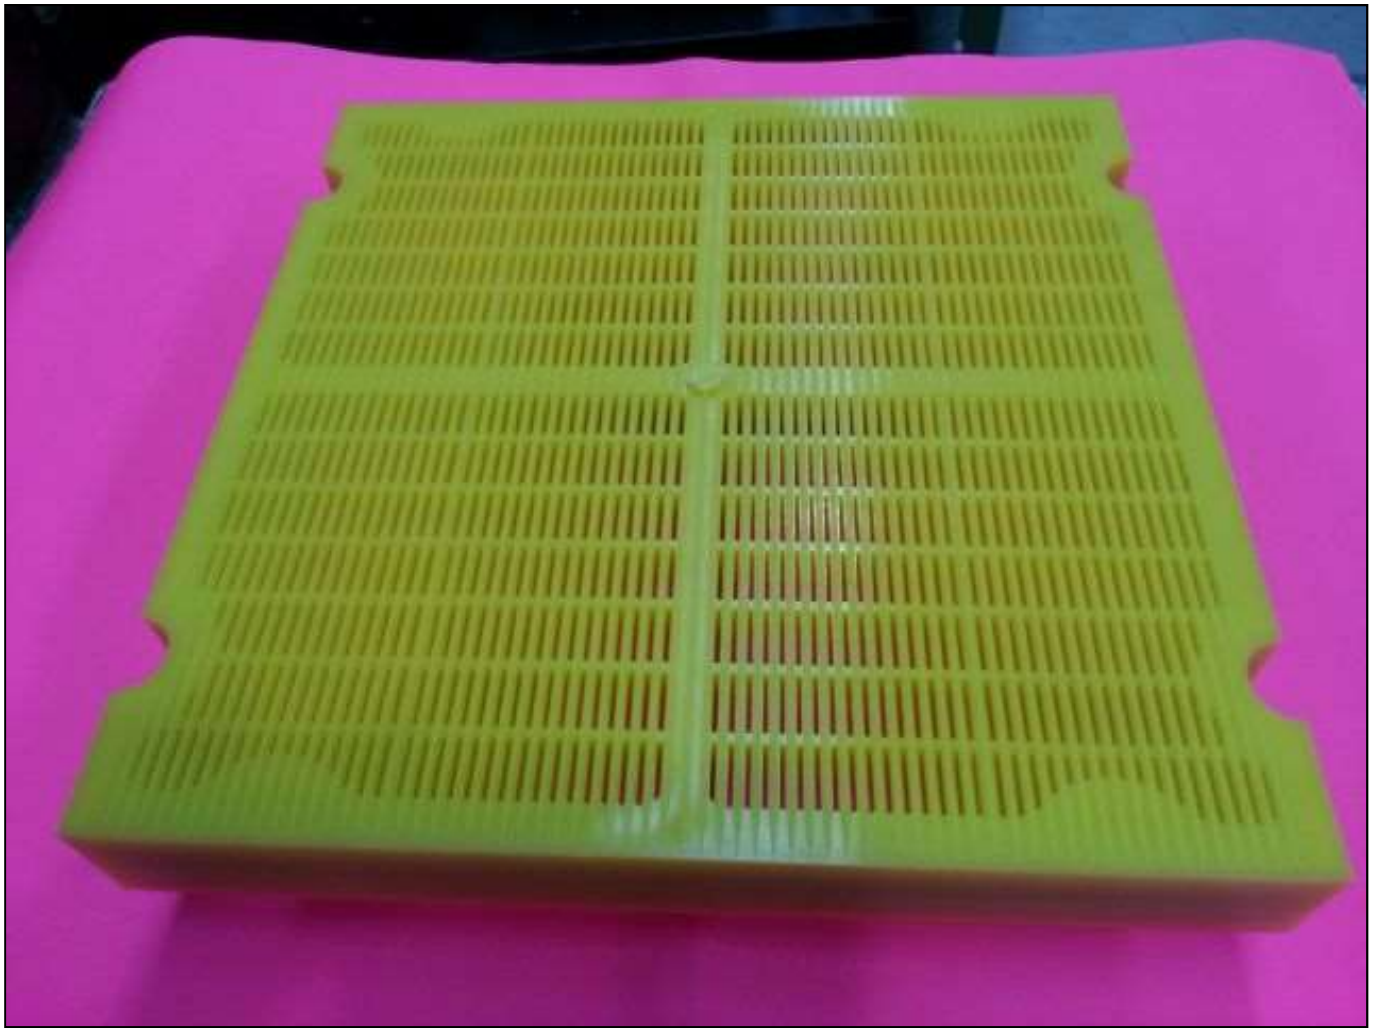
# Panel Features





X Weirs

# Panel Features



Ripple Bars
